

Professional Security Cameras EL-FBHSE-HB/MT EL-FBHSE/MT

Benefits & Features

- Low Cost
- High Impact ABS Plastic
- Included Wall Mount with Cable pass through
- Contemporary Design
- Side Opening Hinged Lid
- Easy Access for Servicing and Installation
- Indoor/Outdoor
- Weatherproof
- Model Available with Factory Installed Heater Blower

The Electronics Line EL-FBHSE and EL-FBHSE-HB Housings are indoor/outdoor housings with a sleek contemporary look. These housings are made of high impact ABS plastic and come with a die cast aluminum wall mount with armored cable pass through.

The EL-FBHSE Housings are designed to accept small, medium and large camera styles with a variety of lens types and sizes. The side hinge design provides easy access to remove or adjust your camera for servicing and installation. There are two (2) hex-head screws that can lock the lid down to secure the enclosure.
